## Stop the Curtin Horse Paddocks Development

Dear Neighbour,

The ACT Government has chosen to give away the Curtin horse paddocks to the National Capital Authority in exchange for land at West Basin.

We are very disappointed with this deal, which paves the way for large scale embassy and diplomatic residential development on the horse paddocks.

Despite a signed understanding with the ACT Equestrian Association that any changes to the horse paddocks would require consultation, there was no communication from the government.

Worse still, the deal was announced in the middle of the Coronavirus Emergency, without the chance for public consultation.
